

QHSE Policy

Optimal Solution Company is a leading provider of:

Manpower Solutions

At Optimal Solution Company, we are committed to maintaining high standards in Quality, Environmental Protection, and Occupational Health & Safety (OH&S).

Quality Commitment:

- We strive to meet and exceed customer expectations by delivering quality products and services while improving the effectiveness of our Quality Management Systems.
- Employee training and skill development are fundamental to our goals, ensuring every team member contributes to our pursuit of excellence.
- Measurable objectives are regularly reviewed through our management framework to drive continual improvement.

Environmental commitment:

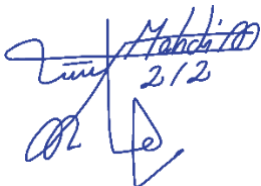

- We recognize the importance of protecting the environment and commit to activities that prevent pollution and ensure sustainable resource use.
- Our environmental objectives are designed to minimize the environmental impacts of our operations while promoting biodiversity and ecosystem protection.
- We are dedicated to fulfilling compliance obligations and continuously improving environmental performance.

Health & Safety commitment:

- The safety and well-being of our employees are paramount. We are dedicated to providing safe working conditions to prevent work-related injuries and ill health.
- Our OH&S system is designed to eliminate hazards and reduce risks through effective consultation and participation of all employees.
- Continuous improvement of our OH&S systems ensures adherence to legal and regulatory requirements while creating a safe workplace.
